\*Excluding General Santos City

**Average Household size in the declines to 3.8 persons in 2020**

Average household size in Banga declined to 3.8 persons compared to the 4.0 household size in 2015, and of 4.3 in 2010. The decrease in the average size of household could be attributed to the increasing number of households as of 01 May 2020 (Figure 2).
