

PRESS RELEASE

Let's Talk About Your National ID! PSA-Sultan Kudarat Joins Radyo Kidlat 88.1 for an Informative Discussion

Date of Release: 20 March 2025
Reference No. 65R12-PR2025-36

The Philippine Statistics Authority-Sultan Kudarat Provincial Office (PSA-SK) is making it easier for the public to access information about its frontline services through the radio program **USAPANG PSA**, aired on Radyo Kidlat 88.1 SUKELCO on 07 March 2025.

The program was hosted by Statistical Specialist II (SS II) Regie T. Lemana and Statistical Analyst (SA) Joseph R. Bergonia, featuring important information about the National ID including its benefits as the topic of the week.

Supervising Statistical Specialist (SSS) Roselyn G. Fornan was interviewed together with Registration Officer II (RO II) Danikka B. Corpuz-Ali. SSS Fornan explained the basics of the National ID, its objectives, and its important uses to every Filipino. She also discussed the different PSA-SK services available to help people register and obtain their IDs hassle-free while RO II Corpuz-Ali introduced the Digital National ID and how it functions just like the physical card and paper format. Updates on the registration progress in various municipalities in Sultan Kudarat Province were also shared. Moreover, the importance of the National ID in Paper Format, also known as “Ang Papel na may Halagang Papel”, was emphasized—highlighting its functionality and validity as an official ID.

An interactive question and answer portion gave an opportunity to the Facebook viewers to familiarize the National ID registration processes, its uses, and how it will benefit personal and legal transactions with both government and private institutions.

PSA-SK remains committed in making the National ID accessible and beneficial to everyone and continues its advocacy in encouraging the Filipinos to register and take advantage of its benefits as official proof of identity.

PSA-SK personnel, led by SSS Fornan with the "USAPANG PSA" team at SUKELCO Radyo Kidlat 88.1 FM studio.

Approved for Release:

MARIFI P. DE ASIS
(Supervising Statistical Specialist)
OIC - Chief Statistical Specialist
