

PRESS RELEASE

National ID Information Dissemination and Enhanced Privacy Awareness through Radio Guesting

Date of Release: 27 May 2025
Reference No.: 65R12-PR2025-50

The Philippine Statistics Authority - Sultan Kudarat Provincial Office (PSA-SK) bolstered public understanding of the National Identification System (NID System) and reinforced its commitment to data privacy through a radio guesting with Radyo Kidlat 88.1 FM on 09 May 2025. This campaign is specifically designed to reach a wider audience and address common concerns regarding the security and confidentiality of personal information under the NID System.

Recognizing the pervasive reach of radio as one of the sources of information in Sultan Kudarat, the PSA-SK aims to leverage this platform to directly engage with citizens, clarify misconceptions, and provide accurate, up-to-date information about the National ID. A key focus of these radio appearances will be the comprehensive privacy safeguards within the National ID.

During the radio program, National ID Focal Person Registration Officer II Danikka C. Ali discussed the methods for safeguarding client data after registration and the issuance of the National ID in paper form, as well as other National ID frontline services. She also stressed the critical importance of having only one registration and highlighted the consequences of multiple registrations within the National ID System.

Furthermore, she emphasized that only the PSA is the authorized agency to conduct National ID registration and issue the National ID in paper form.

The PSA-SK urges all residents to listen to these radio programs to gain a deeper understanding of the National ID and other PSA products and services. This initiative is a vital component of the ongoing efforts to ensure a successful and secure implementation of the National ID, empowering every Filipino with a reliable and protected national identity.

PSA Sultan Kudarat is featured on Radyo Kidlat 88.1 FM every Friday from 9:30 AM to 10:30 AM.

"USAPANG PSA" Radyo Kidlat 88.1 FM guesting with SS II Regie T. Lemana, RO II Danikka C. Ali and SA Joseph R. Bergonia (from left to right).
